OUR MISSION

The Mission of Baloch Trading Company is to be premier marketer, exporter and worldwide distributor of food items such as fresh fruits & vegetables products with major emphasis on rice and potatoes. We succeed to differentiate ourselves not on size but for our commitment to quality and hygiene assurance , customer services, and our ability to respond positively to change.

RICE

Baloch Trading Company have more than 20 years of experience in Rice business and one of the leading suppliers and exporters of rice in Pakistan. We bring you the finest aromatic flavored basmati rice with long and slender grains. The grains are aged for 1-2 years, so the moisture evaporates and the naturally present oil spreads throughout the grain delivering its distinct flavor. Our aged basmati rice yields long grain rice, which grows twice in length giving nice aroma and excellent taste. We are currently exporting our basmati rice to Russia , central Asia and Middle East regions. Muscat and U.A.E are our biggest buyers.

MANDARIN

Kinnow is a member of Citrus family. It was developed from a lengthy hybridization process, through the cross-breeding of two other varieties 'King' and 'Will Leaf'. It is indigenous product from Pakistan. The finest of all the citrus fruits regard this fruit rich in flavor with exquisite taste. It is easy to peel, the rind, containing numerous oil glands, comes off easily with bare hands since it is loosely bound compared to other type of citrus fruits. Therefore kinnow can be just peeled off and enjoyed anywhere, anytime. Pakistan as a nation produces about 12% and stands among the top ten citrus growing countries in the world. These fruits are grown nearly in all the four provinces in varying proportions.

POTATO

Potato has become an important crop for both farmers and consumers in Pakistan. It is the fourth most important crop by volume of production; it is high yielding, having a high nutritive value and gives high returns to farmers. Pakistan is self-sufficient in potatoes for household consumption and relies more than 99% on locally produced seed potatoes.

Today, Pakistan ranks in the world top twenty potato producing nation. The percentage of the potato crop used for processing have steadily increased. Pakistan produce good quality, smooth and natural yellow and red skin, long and round shaped potatoes. Potato is a versatile, carbohydrate-rich food highly popular worldwide, prepared, and served in a variety of ways.
